

THE STRIKERS' SIDE

OF THE STOCKYARDS CONFLICT.

The Cause and Merits of the Recent Strike
—Fetters in the Hands of the
—Cincinnati—Co-Operation.

[Correspondence of The Indianapolis News.]
CHICAGO, November 15.—I came here to visit the fat stock show (which is a great success), and decided to spend some time with the "strickers" at the stockyards, to learn the true inwardness of the situation. I spent the afternoon of Saturday and yesterday at the stockyards, and found the militia patrolling the streets and on duty at the yards and packing-houses, and also Pinkerton's men guarding the latter. No one was admitted except on business, or with a pass. Notwithstanding the pretense that the houses were running about as usual, I was informed at Armour's house that things were sadly demoralized, and that the new force of men was inadequate, not efficient, and the managers professed to be in a state of confusion. I should not pass through the house as a visitor.

The Town of Lake was quiet; no excitement whatever was discernible. I made it a special object to interview all classes—citizens, tradesmen, strikers, non-striking and local police—and did not find a person who thought there was any necessity for the presence of Pinkerton's men (sworn in as deputy sheriffs) and the militia; and everyone denounced the strike as a shameful, unmanly, and unchristianlike proceeding. The prevailing sentiment was that they were loafers and sluggards who wanted a job, and getting sworn in, they aggravated matters so as to require the presence of the militia as long as possible. Three weeks ago they were armed with repeating rifles—this time with clubs and revolvers. Killing the steamer three weeks ago was a shameful murder. Every person who spoke about the matter says there was no excuse whatever for the firing. The man killed was driving his day over two and a half squares from the train when he was shot. No one was molesting Pinkerton's men or others. That murder deepens the feeling among all classes against the force. A policeman said that in 1879, when the butchers went on a strike, the situation was entirely different. The strikers were at present, and the local force protected property then and could do so now. Then the workmen were not organized and there was no moral or restraining force. Now their organization has powerful influence in restraining them. They have committees to constantly guard against intoxication, prevent gathering in crowds on the streets, and suppress any strikes. By this means, the strikers are generally orderly. But the policeman thinks when Pinkerton's men appear on the street that it is necessary to bring the militia to protect them. The militia and strikers are the best of terms, and everybody respects the soldiers. And, too, the soldiers are down on Pinkerton's men. The troops are principally youths—clerks—from the city. Without warning, they were called out yesterday, and reported with light underclothing and shoes to tramp the slush of the stock yards and sleep on straw in a packing house. One soldier said: "It is an outrage. We are clerks, and getting paid \$10.00 to \$30.00 a year, and if this thing continues we will lose our places. One of our boys went back, and he is now on trial as a deserter. Here we are, being fed like hogs, and getting \$13 per month, while Pinkerton's men are getting \$25.00 per day and board." He declared he never would re-enlist.

Yesterday the strikers were debating whether they would return to work, or whether they would continue to strike. They say the packers agreed last May that night hours should constitute a day's work. One soldier said: "It is an outrage. We are clerks, and getting paid \$10.00 to \$30.00 a year, and if this thing continues we will lose our places. One of our boys went back, and he is now on trial as a deserter. Here we are, being fed like hogs, and getting \$13 per month, while Pinkerton's men are getting \$25.00 per day and board." He declared he never would re-enlist.

General Faine, owner of the famous alpaca Mayfield, was called out yesterday, and reported with light underclothing and shoes to tramp the slush of the stock yards and sleep on straw in a packing house. One soldier said: "It is an outrage. We are clerks, and getting paid \$10.00 to \$30.00 a year, and if this thing continues we will lose our places. One of our boys went back, and he is now on trial as a deserter. Here we are, being fed like hogs, and getting \$13 per month, while Pinkerton's men are getting \$25.00 per day and board." He declared he never would re-enlist.

INDIANA AFFAIRS.

MURDER SENSATION. MUNCIE.

A Clay County Miner Beats His Wife to Death—The "Walking Man" Said to be Dying—Martin County Officers.

[Special to The Indianapolis News.]
MUNCIE, Ind., November 16.—A sensational shooting scene occurred in South Muncie this morning at 5 o'clock, resulting in the almost instant death of Mrs. Lizette Bodford, a woman of questionable reputation. It appears that while she sat at table eating breakfast George Cannady, a young man but seventeen years of age, came up behind her with a revolver in his hand. The pistol was discharged and the ball entered Mrs. Bodford's temple, penetrating the brain, and fell over on Cannady's brother, who sat at the table with her, and expired in a few minutes.

Cannady left the house, signifying his intention to kill himself. He wandered into the country first, came back to the city and was arrested at 11 o'clock and is now in jail. He claims that the shooting was accidental, and also his brothers, who were the only witnesses of the affair. It is believed by many, however, to be a case of premeditated murder. Cannady appears as unconcerned and unaffected as if he had done no more than killed a dog.

Martin County Officers.
[Special to The Indianapolis News.]
COLUMBUS, November 16.—Mike Tracy, democratic auditor-elect of Martin county, yesterday demanded possession of the office, which was refused by Colonel Brooks, the old auditor, who is a republican, and who claims his time does not expire till the first of January. Tracy once sought help, and Brooks after stormy time, was ejected from the office by force.

The commissioners of that county also yesterday appointed Thomas Gales treasurer. Young Gales is the son of James G. Gales, who was elected to that office at the last election, but who lost his life in a burning hotel at Logansport the night of the election. He was sleeping with Tracy, the auditor, who was ejected by jumping from a second-story window.

A Miner Beats His Wife to Death.
[Special to The Indianapolis News.]
BREMEN, November 16.—James Blackwood, a miner, living at Cordonia, is reported to have brutally beaten his wife last night. Blackwood has been jailed, but is drunk and can give no connected account of the matter. His wife is badly bruised about the face and head, and is thought to have sustained internal injuries from kicking, resulting in her death. Blackwood is forty years old. He had lived happily with his wife, who was of respectable connection, and was the mother of four children. Considerable excitement prevails.

Minor Mention.
A recent in Monroe county gives Silas Grimes, republican, a majority of four votes for auditor.

At Columbus yesterday the wife of Jonathan Morris died suddenly of strangulation of the bowels.

Frank Gregory, a newspaper man known in various cities of the state, has become managing editor of the Louisville courier in the recent new deal.

A. C. McDonald, son of Colonel I. B. McDonald, senator-elect from Indiana and White County, died very suddenly at Logansport, on Sunday, of typhoid pneumonia.

Nathan Wozman, while engaged in moving a house west of Goshen, was struck on the head by a piece of timber and so severely injured that his life is despaired of.

Thaddeus Deek had his face fearfully lacerated by the breaking of a large band saw in Fish & Co.'s mill at Goshen last evening. The wound is probably fatal.

The county recorder, August Hoby, committed suicide at Cannelton, Saturday evening, by shooting himself through the head. He had just finished a prolonged spree.

The coal prospectors on the farm of Thomas Haworth, in Wabash township, Parke county, struck at a depth of one hundred feet.

The gas, when lighted, burns up high, and makes a bright, mellow light.

The committee appointed to report as to the advisability of establishing a law department in connection with the state university at Bloomington reported that on account of the condition of the finances it was impracticable at present.

Dr. G. N. Fitch, of Logansport, who has been hunting deer in Wisconsin for several weeks, met with a fatal accident Saturday morning that compelled him to return home. He fell from his cot and dislocated his right shoulder.

Rev. Edwin Black died at Archer, Fla., on Friday morning. Black was a native of born near Greenville, graduated from Wabash college and was pastor of the Presbyterian church at Hopeville from 1875 to 1883.

He was sixty-two years old.

A Rev. John Smith is holding a series of meetings at the Christian church in Tipson, and is creating quite an excitement in religious circles. He is an evangelist, something after the Sam Jones order, and is drawing large houses of worship.

Mollie Van Cleave, the woman who escaped from the Shelbyville prison late on Saturday night, was captured yesterday by Officer Richey, in Louisville, Ky. She was taken to Shelbyville last night and will, no doubt, make an important disclosure.

George R. Brown will contest the right of John L. Goben, democrat, to fill the office of auditor of Montgomery county on the ground that Goben is still under his sentence as county treasurer, and also because he received illegal votes enough to change the result.

Muncie's natural gas well was shot yesterday with forty quarts of oil. The discovery of the flow of gas was doubled. The directors and stockholders are well pleased with the well and will proceed to perfect arrangements to utilize the gas. Other wells will be drilled in a short time.

Epizootic, or a malignant form of distemper, has broken out among the horses of the western part of Adams county. The disease so far has been confined to Normans, for which this county is noted. The disease has been broken out, and the extreme caution being used by farmers will prevent further spreading of the disease.

Yesterday morning William Bonner and his brother were engaged in clearing a piece of timber land five miles north of Lawville. A tree they were chopping fell in a different direction than it was intended. Both ran, but William was caught and instantly killed. The other escaped. Deceased was thirty-five years of age. He leaves a wife and three children.

Mrs. Mollie Brown, an insane woman, was recently taken from the insane hospital at Indianapolis and conveyed to Louisville by a daughter, who keeps a boarding house there, the purpose being to let her \$75,000 which Mrs. Brown is said to be worth. Dr. Cosby, of Evansville, who is the insane woman's guardian, rescued her and took her back home, preparatory to sending her back to the hospital.

John L. Wiede is on trial at Huntington on suspicion of having fired four shots through a school house in Dubois county on last Friday. When the shots were fired the school was in session, and they passed clear through the building a few inches above the scholars' heads. Wiede was an unsuccessful candidate for teacher of the school. A similar case occurred a few days ago in a neighboring district in Spencer county, in which the unsuccessful candidate for school battered down the doors and windows.

John Snyder, the "walking man" residing in Blackfoot county, is said to be dying. Two years ago Snyder was afflicted with a nervous complaint, from which he has not recovered. He is now in a state of complete paralysis, and is unable to walk. He has been in this condition for some time, and his condition is said to be hopeless.

The committee appointed to report as to the advisability of establishing a law department in connection with the state university at Bloomington reported that on account of the condition of the finances it was impracticable at present.

Dr. G. N. Fitch, of Logansport, who has been hunting deer in Wisconsin for several weeks, met with a fatal accident Saturday morning that compelled him to return home. He fell from his cot and dislocated his right shoulder.

Rev. Edwin Black died at Archer, Fla., on Friday morning. Black was a native of born near Greenville, graduated from Wabash college and was pastor of the Presbyterian church at Hopeville from 1875 to 1883.

He was sixty-two years old.

A Rev. John Smith is holding a series of meetings at the Christian church in Tipson, and is creating quite an excitement in religious circles. He is an evangelist, something after the Sam Jones order, and is drawing large houses of worship.

Mollie Van Cleave, the woman who escaped from the Shelbyville prison late on Saturday night, was captured yesterday by Officer Richey, in Louisville, Ky. She was taken to Shelbyville last night and will, no doubt, make an important disclosure.

George R. Brown will contest the right of John L. Goben, democrat, to fill the office of auditor of Montgomery county on the ground that Goben is still under his sentence as county treasurer, and also because he received illegal votes enough to change the result.

Muncie's natural gas well was shot yesterday with forty quarts of oil. The discovery of the flow of gas was doubled. The directors and stockholders are well pleased with the well and will proceed to perfect arrangements to utilize the gas. Other wells will be drilled in a short time.

Epizootic, or a malignant form of distemper, has broken out among the horses of the western part of Adams county. The disease so far has been confined to Normans, for which this county is noted. The disease has been broken out, and the extreme caution being used by farmers will prevent further spreading of the disease.

Yesterday morning William Bonner and his brother were engaged in clearing a piece of timber land five miles north of Lawville. A tree they were chopping fell in a different direction than it was intended. Both ran, but William was caught and instantly killed. The other escaped. Deceased was thirty-five years of age. He leaves a wife and three children.

Mrs. Mollie Brown, an insane woman, was recently taken from the insane hospital at Indianapolis and conveyed to Louisville by a daughter, who keeps a boarding house there, the purpose being to let her \$75,000 which Mrs. Brown is said to be worth. Dr. Cosby, of Evansville, who is the insane woman's guardian, rescued her and took her back home, preparatory to sending her back to the hospital.

John L. Wiede is on trial at Huntington on suspicion of having fired four shots through a school house in Dubois county on last Friday. When the shots were fired the school was in session, and they passed clear through the building a few inches above the scholars' heads. Wiede was an unsuccessful candidate for teacher of the school. A similar case occurred a few days ago in a neighboring district in Spencer county, in which the unsuccessful candidate for school battered down the doors and windows.

John Snyder, the "walking man" residing in Blackfoot county, is said to be dying. Two years ago Snyder was afflicted with a nervous complaint, from which he has not recovered. He is now in a state of complete paralysis, and is unable to walk. He has been in this condition for some time, and his condition is said to be hopeless.

CITY NEWS.

Eight real estate conveyances were filed yesterday; consideration, \$7,075.

Pat Ward was fined yesterday, in the criminal court, for violating the liquor law. Verdict, the world moves.

Bernhard Hamm, 337 North Tennessee street, while engaged about his house yesterday received a fall which broke three ribs.

Among the defendants in the city court yesterday was a woman, the wife of a negro, who gave her nationality as "a colored Irish Jew."

Collector Kuhn has been directed to examine the accounts of the First National bank, with a view to its discontinuance as a United States depository.

J. H. Wells, residing at 144 Ash street, last evening, near Washington street, was stricken with some unexplainable illness, and fell to the pavement.

In accordance with the petition of David W. Barnett, Richard Campbell has been appointed receiver of the Barnett & Elliott shoe company; bond, \$10,000.

David Oliver, painter, residing on Meridian street, near the Belt road, fell from a scaffold yesterday while at work, the fall dislocating his shoulder and injuring him about the head.

Charles Chastain has been divorced from Alice Chastain, and Frankline Davis is seeking a divorce from John W. Davis, whom she married in Cincinnati in 1883, alleging abandonment and general ill treatment.

The first edition of Margaret Holmes' "Chamber Over the Gate" is exhausted, and the second has just been issued by the publishers. The eastern literary journals hailed it as the greatest American novel, and a steady demand for it has been made.

While Dowsy street was being improved by Richter & Twinn, in October last, Anthony Schenck fell into the excavation and received injuries which are alleged to be permanent. He has therefore sued the city and the contractors, claiming \$5,000 damages.

The Indiana Sick and Burial association has been incorporated, with George N. Engle president, Harry M. Johnson vice president, and Clara Johnson secretary. The object is "the promotion and distribution of charity and benevolence in time of sickness, and burial among its members."

Perry Ingalls, Miss Florence Bamberger, Miss Nettie Dietrich, Mrs. John C. New, Ed. Timmons, Mrs. Leon Bailey, Miss Lottie Adams, J. Laura, Miss Laura Heeling and Mr. Heckler will aid in the complimentary concert to be tendered Miss Dora Messing at Plymouth church on Thursday evening.

AN EARLY MATINEE

Mistaken for an Uprising of the Fenians—A Ball by the Birds.

There was a numerously-attended and noisy "coffee" on the north side this morning. These are halcyon days, but for outdoor festivities the temperature is a trifle low. So at least think those whose blood has been cooled with years. Nevertheless it was an outdoor soiree which called out this mention.

The participants included guests from every part of the city and scores also only arrived in the city yesterday. Every invitation, seemingly, that had been given was accepted, and each guest brought a few friends. It was a well-attended affair if the music that was made was any exponent. One feature of the music, too, was that it was all concert singing. At least it was designed as such. There were many voices not attuned to the harmony of the occasion, and this led to the mistaken impression which many of the neighbors became possessed of, and even the Fenians had broken out, and that a full-blown riot was in progress. A reckless fellow went out with his shot-gun to aid the police and found that all the noise was made by 64,000 English sparrows that had got up too early and were quarreling over the last words of summer.

What an awful thing that these birds were not quails, and of some marketable value. Quails are down to \$2 per dozen, and even at this price afford a profit to the hunter and the game dealer. Wild turkey holds to the old price—15c per pound. All domestic fowls are retreating at about that price. Fowl product—eggs—have "seared to lotter heights"—that is to say, they have advanced to 22c per dozen, and are still climbing.

The Indianapolis hotels are among the best in the country. For dinner, besides the score of dishes necessary to round the menu, one may choose from the following dishes, which cost at retail the prices indicated: Roast beef, choice short cut, 15c@17c per pound; mallard duck, 75c a pair; teal, 60c; venison, 25c per pound; bear meat, 20c; squirrel, 15c each; rabbit, 15c; pheasant or prairie chicken, 50c; lobster, 20c per pound; butterfish, bluefish, striped or black bass, 15c.

Trained Nurses Graduated.
The second annual graduating exercises of the Flower Mission training school for nurses occurred last night at Meridian-street church. The class numbered seven. These nurses have been two years' service as nurses in the city hospital and have received thorough instruction in physiology and hygiene, besides the ethics of nursing. Dr. Wishard, of the hospital, addressed the graduates. He emphasized the thought that they had a right to call themselves trained and efficient nurses. Rev. E. A. Brudger and Oscar C. McCulloch also addressed the class, pointing out the religious and philanthropic duties of nurses. There was music by Mrs. Levering and Messrs. Ernsting, Spades, Newland, Levy and Lewis. Dishes were presented to the following: Miss Clara Shear, Quincy, Mich.; Miss Tillie Hale, Lafayette, Ind.; Miss Lucy Lockwood, Washington, Ind.; Miss Stella Applegate, Lyons, Kan.; Mrs. Susie Peak, Rushville, Ind.; and Miss Anna and Louise Hahn, Lafayette, Ind. Miss Hunt, superintendent of the school, read a history of the work accomplished. Since the school was organized, in 1883, twelve diplomas have been granted.

He May Even Up.
While Sergeant Lowe was keeping "doo" during the session of the canvassing board, Horace McKay applied for admission and was refused, and as he stood at the door parleying about the matter, another party came up and was promptly admitted. Mr. McKay naturally was quite wrothy, and a few moments afterward it was reported to Lowe that McKay remarked as he went down stairs that he would give \$500 to have that man (meaning Lowe) off the force. The remark struck the sergeant as humorous for a day or two, but when it developed that the state had gone republican, and that McKay was being strongly mentioned for police commissioner, a sadness dropped over the lusty Lowe, and now he is said to be losing flesh in apprehension that McKay may have an opportunity to even up sooner than was expected.

A Dilemma.
Those labor agitators who have rushed to the support of the democracy in the claim that Megner, the Terre Haute representative, is eligible to the legislature, is eligible chiefly, it seems, because the labor vote was cast for him—and themselves somewhat embarrassed by the fact that the republicans may demand their support of Mackey, in the Vincennes district, on precisely the same grounds. Mackey was the candidate of the rights of labor. If Megner is to be defeated because endorsed by the Knights, so, if consistency be observed, must Mackey. The truth about the business is lodged in what The News has already said: that whoever has been honestly elected, and is qualified, should be seated, whether he represents organized labor, or organized republicanism or democracy.

The Late D. B. Culler.
Daniel B. Culler, who died last Friday, was one of the "Old Seminary Boys," conspicuous for ability and good humor. He was secretary of the Marion Fire company for a year or two in its latter years, and was city clerk in '81, '82 and '83. He enlisted in the Eleventh regiment among the first and was elected second lieutenant of company B, subsequently advancing to the captaincy, and getting an honorable discharge in the fall of '62. In the spring of '47 he, with the other boys in the Journal office, J. R. Elder

and John H. Orr started the Locomotive, which for a decade was the leading paper of the city in circulation and in a social and literary direction the leading paper of the state till 1861, after its purchase and enlargement by John R. Elder and John Harkness in 1860.

Four Claimants for a Piano.

Four persons claim a piano which is now at issue in a suit before Judge Walker. It was originally bought from Pfafflin by John T. Woodard, who mortgaged it to W. I. Ripley. Mr. Pfafflin replied it, on the grounds that all of the original purchase money had not been paid, and a Mrs. Pig, whom the Woodards owed for board, also replied it. Then Mrs. Woodard did the same, claiming that it was her individual property, and when about to ship it away Mrs. Pig brought suit for it, which is now on trial.

We Give It Up.

To the Editor of The Indianapolis News.
Seeing that you kindly answer many questions of interest, I take the liberty of submitting one which I have frequently heard of late. It is that the democratic dispensers of patronage, from the president of the United States down to our own police board and smallest local officeholders, show such a decided preference for men who have been in this country only a few years, or even less time, over those active loyalist-all-time democrats of superior qualifications who were born here and whose fathers bore the brunt of battle in the democratic ranks during the stormy days of know-nothingism and the rebellion? An answer will greatly oblige.

MANY OLD SUBSCRIBERS.

By the Librarian.

To the Editor of The Indianapolis News.
Please state through your paper whether the position of assistant state librarian is filled by the state librarian or legislative and greatly oblige a CONSTANT READER.

Tuesday.

To satisfy dispute, inform me through your columns what day of the week election was held in November, 1881, and oblige, READERS.

AS A NUMBER OF
PROMINENT CITIZENS CAN TESTIFY.

Dr. Beebe's Inhalant for Croup, Coughs, Colds, Sore Throat, Diphtheria, Hay Fever, Bronchitis, etc., is superior to anything so far placed on the market. It is a strictly vegetable compound, and contains no opium, and is perfectly safe for children. It is sold in bottles of 50 cents and 1 dollar. For circulars, strike the seat of disease at once call or send for circulars with testimonials to Telephone 22. JNO. GOLD, Sole Agent.

Price, 25c.

RUPTURE SANITARIUM.

Physicians who have seen the effect of the Well-known Soft Pad Truss, and who are fully conversant with all the modern methods of treatment, admit that it will cure all mild cases and many of the worst cases of Direct and Scrotal Hernia without scarcely any pain, and not a particle of danger. The principles upon which this is done are as follows: It rests perfectly, and does not interfere directly under the pad, which extends to the line of the inguinal canal, and thus keeps the inguinal ring open and lymph is thrown out and thus the rupture of the inguinal canal continues until the rupture of the inguinal canal is cured. For circulars call on or address Sanitarium, room 4, 716 East Market street, Indianapolis, Ind.
